Business and Marketing Technology – Ms. Jodi McCrimon, Director

- The MMT program will have 12 graduates this semester.
- The program has made several recruiting visits to local high schools.

Business and Office-Related Technology – Ms. Tammy Lauderdale, Director

- Worked with local businesses for student placement for graduates.

Child Development Technology – Ms. Carol Bishop, Director

- ICC's online Creative Arts for Young Children classes made scribble cookies to use as filler items for Operation Christmas Child shoe boxes. Scribble cookies are made from broken crayons that are placed in muffin tins and melted so they can be reused as round crayons.

- Worked with local businesses for student placement for graduates.
- Itawamba Community College is partnering with the Gilmore Foundation. The Foundation's new Early Childhood Initiative will use the Associate of Applied Science in Early Childhood Education to fill all of the assistant teacher positions for the Promise School Grant, which is being implemented in Amory and Aberdeen in the fall of 2014.
- Five state grants were awarded by the Mississippi State Department of Education for Early Childhood Projects in Mississippi. ICC's Early Childhood program was the only community college in the state listed as a partner.
- The Early Childhood program has developed a partnership with the Tupelo Public School Early Childhood program. ICC instructor Carol Bishop is assisting in teaching the implementation of objective-based planning using the Early Learning Standards. The first training was March 18 at the Tupelo Public Schools.
- The Fulton Child Development lab school currently has 44 children enrolled. Enrollment has been maintained throughout the year. Only one child has dropped. It is projected that there will be 16 openings in the fall, but currently there are more than enough applications to fill the slots.
- The scores of ICC's students taking the CPAS showed an average ranking of seventh in the state last year. The ECE program implemented a CPAS practice exams process in the Student Teaching Field Placement program. For the fall 2014 semester, ICC moved from seventh to third. This process is being implemented again this semester and will be reviewed for effectiveness.
- All of the Methods and Student Teaching classes are being reorganized to ensure that the Mississippi Early Learning Standards (Common Core Crosswalk) will be the primary focus of planning for the students in the program and children in the centers. These standards directly correlate with the Common Core requirements that the State of Mississippi is using in all kindergarten classes in ICC's service district. Children in the lab schools are being taught based on the standards where student teachers plan and implement required activities.
- ICC Early Childhood program is a partner with the Lee County Excel by Five project. Staff member **Carol Bishop** served on the development committee and has assisted with community projects to include backpack giveaway, A Day in the Park and the Health Fair.

Collision Repair Technology – Mr. Dillon Baldwin, Director

- Kyle Sapp competed in the State SkillsUSA competition.
- The Collision Repair program has eight new Snap-On tool boxes with collision repair tools. Having eight separate tool boxes allows for students to increase productivity, responsibility and organization for a more real-world experience.
- New equipment includes a new aluminum welder, which allows students to weld modern aluminum frames.
- New equipment includes a new fresh-air respirator.

Diesel Equipment Technology – Mr. Jason Gholston, Director

- One student in the Diesel Technology program won first place at the state SkillsUSA competition and is eligible to compete at the SkillsUSA National competition. He competed against five other postsecondary schools.
- **Jason Gholston** was recertified for ASE Master Heavy Truck Technician.
- ICC's Diesel Equipment Technology program had the highest ranking CPAS scores among the other DET programs in the state.
- The Diesel Equipment Technology program continues to work toward NATEF certification.

Electrical Technology – Mr. Clay McNutt, Director

- The Electrical Technology program offers three internships in the ICC district that allow students to attend classes two days per week and work three days per week. The students gain CTE program-related work experience with commensurate pay.
- Electrical Technology upgraded lab electrical power so that the Belden Electrical Power Laboratory can support 11 trainers. Three-phase power was installed to support instruction in power distribution, industrial control and motors.
- Electrical Technology improved the Commercial Wiring Laboratory to reflect actual commercial and industrial wiring applications found in ICC's district.
- Electrical Technology (through Workforce) has partnered with Mueller Copper Tube for employee testing. Mueller has provided DC Motors and motor control components to the Advanced Programmable Logic Control Lab for testing and student instruction.
- The Electrical Technology program ranked second in the state for CPAS scores.
- The Belden Center is encouraging students to join SkillsUSA, a national student organization that encourages student achievement, community service and professional partnerships.

Forestry Technology – Ms. Emily Loden-Jones, Director

- For the fifth year in a row, ICC's Forestry program has maintained its status as the largest Forestry Technology program in the state.
- The program maintained a 100 percent CPAS passing rate for another year, ranking as one of the top programs in the state.
- The program has the highest transfer rate to a senior college of all programs in the state.
- ICC's Forestry Technology program students have participated in many volunteer programs during the past year, providing 100+ service hours. National Public Lands Day was spent at the Jamie L. Whitten Center and Campground clearing brush. The program cohosted the Itawamba County Landowner Field Day at the Crane Cabin in Bull Mountain Bottom. Students also helped the Mississippi Department of Wildlife and Fisheries and Park plant food plots on the Canal Section Wildlife Management Area.
- The students have been exposed to more than 50 outdoor lab exercises in courses offered by the program with many of them focusing on the forest industry in the state. The Mississippi Forestry Commission hosted a tree ID lab, survival audit training lab and Project Learning Tree Educators workshop (certifying all students as instructors for the program).
- Mississippi State University hosted a biofuels short course in which students enrolled, and students attended the annual meeting of the Producers and Suppliers Advisory Council.
- Students have also visited many forest industries and companies in the area including Bennett and Sons Logging LLC, Tombigbee Lumber and Graham Lumber.
- The Introduction to Forestry course offered by the program included nine area professionals who presented information about careers in forestry.
- Last summer, three students participated in highly sought-after internships with the Mississippi Department of Wildlife Fisheries and Parks and USFWS National Wildlife Refuge System.

- Cisco Netriders Competition – open to all Cisco Networking Academy students. All third semester networking students participated in the competition in the fall of 2013. Brandon Robbins placed first in the state in rounds one and two of the competition.

First Round Results:

- | | |
|--------------------|----------------------------|
| 1. Brandon Robbins | Itawamba Community College |
| 2. Wayne Gowland | Itawamba Community College |
| 5. Corey Parker | Itawamba Community College |
| 9. Ben Bryan | Itawamba Community College |

Only one competitor from each school advances to round three following the round two test, and Brandon Robbins advanced to round three for Itawamba Community College. His ranking was 57th out of 84 in the final round, but this was from a field of competitors that began with more than 1,000 students from both the United States and Canada. The only other Mississippi community college competitor finished with a ranking of 79th in round three in comparison, and that was William Alford from East Mississippi Community College – Mayhew. Cisco has changed the NetRiders competition to spring so both second and fourth semesters networking students competed in NetRiders again during the last week of March.

Housing – Mr. Chad Case, Director

- New washer and dryers have been installed at no cost to the College.
- Newer cameras were installed in Pontotoc Hall to ensure the safety of the students.
- Programs presented include Hunter’s Safety, House Cleaning 101, Domestic Violence, Career Game and Learning Canvas.
- Next fall, the Housing Department will work with the Mississippi State University Extension office and PACE director Marty Cooper to coordinate a program teaching students how to “Take Control of Their Money.”

Student Affairs – Dr. Brad Boggs, Director

- August and December 2013 and January 2014 – Student Affairs hosted QuickConnect sessions on the Tupelo and Fulton campuses. This new initiative provided a come-and-go registration and orientation for new students who did not attend traditional or adult orientations.
- June and July 2013 – The offices of Student Affairs presented Freshman Orientation sessions to May 2013 high school graduates. Student Affairs personnel presented information, advised and registered all incoming freshmen during these sessions.
- The Director of Student Affairs worked collaboratively with the Director of Advising and the Director of PACE to present an orientation session for the parents of all incoming freshmen. The Director of Student Affairs, Director of Advising and the Director of PACE presented and talked to all parent groups that attended summer orientation.
- Fall 2013 – The Tupelo Campus Student Government Association worked with the local Salvation Army to provide Christmas gifts for 50 Angels for an Angel Tree on campus; sold Krispy Kreme doughnuts to raise funds, which were

used to purchase prizes for a raffle; raffled off prizes donated by several area businesses to raise funds which were donated to purchase gifts for the Angel tree; led an effort for the placement of two bicycle racks on the Tupelo Campus and assisted with the ICC vs. Northeast Food Challenge.

- Spring 2014 - SGA sponsored the annual Black History Month program. The speaker was Tony Horton; SGA President Marie Dillard participated in the Big Brothers & Big Sisters: Northeast Mississippi: Bowl for Kid's Sake 2014 and the SGA will host an Easter Bunny visit/story time at the Childcare Center on the Tupelo Campus.
- The Director of Recruitment and Orientation worked collaboratively with TIS to develop a new recruiting portal on ICC's website to assist potential students with admissions, financial aid, housing, campus tours and scholarship information.
- The office of Student Affairs was restructured, and certain staff members were designated as recruiters to better focus on the recruiting mission of the College. Others were designated as advisers to handle the needs of new and current students more effectively and efficiently.
- The Indian Delegation conducted several individual campus tours since Aug. 30 and also hosted Baldwyn High School, Tupelo Vocational-Technical Center, Amory Vocational-Technical Center, Itawamba Vocational-Technical Center, Tremont High School senior class, Okolona Vocational-Technical Center, Okolona High School senior class, West Point High School senior class and the Pontotoc Vocational-Technical Center business and technology class.
- Indian Delegation meets weekly, and each member is assigned a weekly office hour to conduct tours and write postcards to junior and seniors in ICC's district high schools/vocational centers.
- Student Affairs worked collaboratively with College and Career Planning to sponsor and support the Tombigbee Counselor Association fall and spring meetings on both campuses – approximately 40 area high school and vocational counselors from the area attended the meetings.
- Spring 2014 - Student Affairs worked collaboratively with College and Career Planning to host the annual Career and Technical Education Scholars Luncheon at the Belden Center. The event honors area secondary career and technical students who scored 80 percent or higher on the MS-CPAS – approximately 130 people attended the event.

- Student Affairs worked with the office of Advising to sponsor College Fairs on both the Fulton and Tupelo campuses to assist with transfer options after graduation from ICC, October 2013.

- ACT and Academic scholarships were increased to reflect tuition increases, and the required ACT score to receive a full tuition, room and board scholarship was reduced from 30 to 28.
- Awarded the first Adult Learner Incentive Scholarships during the 2013 fall semester. A limited number of half-tuition scholarships are available each semester for new or returning students 23 years of age or older, who are Mississippi residents and not enrolled in college for the previous two years. Criteria for selection include enrollment in a minimum of six semester hours, meeting admission requirements, in good standing with ICC and completion of the Federal Application for Student Aid. The scholarship pays for two classes for one semester.
- Student Affairs personnel conducted phone call campaigns before the start of each semester in an attempt to recover eligible students who were previously enrolled at ICC, but had failed to sign up for classes.
- Work began on an adult learner enrollment guide, which will be distributed to all prospective adult learners.
- Added Scout, student recruiting portal, to the ICC website.
- Presented Adult Learner Orientation sessions.

Student Recruitment & Scholarships – Mr. Larry Boggs, Director

- To better serve current and potential students, the office of Student Affairs has been restructured. Certain staff members have been designated as recruiters to reach out more and focus on the recruiting mission of the College, and others are designated as advisors to handle the advising, registration and counseling needs of new and current students.
- In order to continue to increase enrollment, there was a need to increase the College's recruiting presence, expand its focus and set recruiting goals with various populations. This year's goals will not only focus on high school seniors, but also target freshmen, sophomores and juniors at area high schools and vocational centers. Exposing students to ICC at an earlier age should increase awareness of the College and the benefits of attending and make them easier to recruit as seniors. It will also help promote ICC's career and technical programs and inform students about dual enrollment/dual credit opportunities.
- Plans also include a focus on placing more efforts toward the recruiting of adult learners and GED graduates. Strategies are in place and materials are being developed to assist in identifying adults who desire to return or begin college and to connect them with an ICC recruiter or advisor to assist them in the process.
- With the assistance of TIS, the area of Student Recruitment, Scholarships and Orientation has created a recruiting portal on the ICC website called Scout. Scout is a great resource where potential students can obtain needed

information about the admissions process, financial aid and scholarships, housing, campus tours and much more. More than 600 campus tours have been scheduled by potential students through Scout already this year.

- ICC's redesigned, student-led Freshman Orientation continues to be a success as a whopping 99.9 percent of the 1,600 students who attended indicated that they had a great experience at orientation. It has proven to be a great way to provide students the information needed for a good start in college.
- And lastly, to keep ICC's scholarship program as one of the best in the state, the amounts of our ACT and Academic-based scholarships were raised to reflect increases in tuition over the last few years. In addition, the required ACT score to receive a full tuition, room and board scholarship was reduced from a 30 to a 28. In addition, an Adult Learner Scholarship was created to help students age 23 or older, who have not been in school in two or more years with the cost of returning to school.
- Scholarships awarded to entering freshmen for the 2013-14 school year include:

▪ 28+ ACT Scholarship	41
▪ 24-27 ACT Scholarship	171
▪ 22-23 ACT Scholarship	190
▪ Valedictorian/Salutatorian	28
▪ Academic Scholarship	217
▪ Regular Career Incentive	7
▪ Special Career Incentive	17
▪ Special Achievement	92
▪ Leadership	555
▪ Adult Learner	168

- More than 500 athletic releases were sent to area media and upon request, to media outlets outside of the Itawamba Community College district including out-of-state student athletes.
- Nearly 25 public appearances (speeches promoting ICC and/or ICC athletics).
- More than 90 radio appearances promoting ICC and/or ICC athletics and approximately 25 appearances (TV) promoting ICC and/or ICC athletics.
- Hosted and produced two weekday morning ICC athletic updates on WAFM-FM 95.7 – 52 weeks – five days per week except holidays.
- Hosted and produced a one-hour show on the first Thursday morning of each month on Super Talk Radio 102.9 promoting all aspects of the College.
- Announced nearly 75 radio broadcasts of ICC athletics. For the seventh year in a row all of the College's football, basketball, baseball and softball games were on the same radio station, WAFM, Amory, 95.7. The games were also video streamed on the College's athletic website and at www.fm95radio.com.
- **Will Kollmeyer** announced his 650th game as the "Voice of the Indians" during one of the softball doubleheaders in April.
- Televised approximately 40 sporting events which were available to more than five percent of the state's population on MetroCast cable outlets.
- For the eighth straight year, the College had more than 200 appearances on the local newscasts of the network affiliates in northeast Mississippi, which included segments in both the news and sports areas of their evening shows.
- ICC's athletic Twitter account (@LetsGoICC), athletic website (www.LetsGoICC.com) and radio broadcast of its games were named best in the state among the 15 community colleges.
- ICC was featured in a number of statewide magazines including Mississippi Gridiron Magazine. ICC provided stories, photos and other information, upon request, on student-athletes.
- Completed the fourth full year of social networking ICC's athletic programs via Twitter, Facebook and YouTube. The ICC Twitter account leads the state among community colleges with more than 3,100 followers with more than 20,000 Tweets promoting ICC athletics. ICC's athletic Facebook page also leads the state with nearly 2,200 fans with an average of 3,500 hits per day during the main sports seasons. Individual pages have also been added for each

sport. The ICC Athletics YouTube account, as well, is number one in the state and is closing in on 160,000 views in its nearly three years of existence. Instagram, which has also been introduced to provide a behind-the-scenes look at ICC athletics, has more than 1,100 followers. This season we added Vine to the athletic social media platform and it has just under 300 followers in less than a year of existence.

- The sports information area has provided additional exposure for former student-athletes in the newspaper, radio and television, by explaining how ICC played a valuable role in their continued success after ICC.
- Will Kollmeyer serves on the CREATE, Inc. Public Relations committee in conjunction with the Community Development Foundation and co-hosted this year's annual CDF meeting with CDF President/CEO, David Rumbarger. Will also serves on the board of directors for the Tupelo Alpha House for Boys and is on the publicity committee for the Regional Rehab Center.
- The Itawamba Community College Facebook page has nearly 6,000 likes and on average reaches at least 2,000 individuals with every post.
- Post announcements, events and pictures on all of our social media accounts including Twitter, where we have nearly 1,800 followers. We used #orientation2014, #indianweek2014, #indianidol, #whyicc, #myicc, #iccactivities, #spreadthered, #wherefuturesbegin, #itsourpassion.
- Instagram – Itawamba CC...Nearly 1,100 followers. Throw Back Thursday, Friday Photo and several other activities
- Pinterest – Itawamba CC...150 followers A Day in the life, Spread the Red, Welcome to Paradise, Study Inspiration, Dorm Room Ideas, Tips and helpful hits, Green Indian, Backpacks to Briefcases, Maybe I should go to the fitness center, and Holiday ideas total of 521 pins
- Produced seven Chieftains (student newspapers) and the Mirror (yearbook) to record student accomplishments and activities as well as the history of the College.

- FMC Technologies
 - Workforce Development staff trainers **TZ Waters** and **Tammy Webb**, along with MCC trainers **Jimmy Belk** and **Jerry Murphree**, developed and delivered a customized FMC basic Welder training series for incumbent welders at FMC. The company identified a need to standardize the skill sets for currently employed welders. The return on the investment realized—all welders have honed their current skills and captured new skills resulting in common core knowledge and skill sets. The company uses a multi-level welding position competency-based model. Completion of this training enhanced their workers' ability to advance a level. This course also provided FMC Technologies, Inc. a company new hire training course for welders that will maintain a standard knowledge and skills as part of their quality practices. The FMC Basic Welder course is a 32-hour course covering: Basic Math (16 hours), Basic and Precision Measurement (8 hours), Blueprint Reading (8 hours). Students were trained on standard and company-specific tools and blueprints. Participants were pre-tested and post-tested to capture knowledge gain and provide a baseline for remedial and additional training needs. The training was provided on-site two days a week, four hours a day.

- Consulting Services
 - ICC staff trainers provided ISO 9001:2008 Internal Audit consulting services for Mueller Fittings and T&L Specialty.
 - Licensing translation for Rite-Kem.
- Customer Service Basic Skills (new program):
 - Designed to be a regional certification, this program provides a portable standard certification that will benefit regional service organizations, their current employees and regional job seekers with standard foundational customer skills. The training provides the participants with the basic customer service skills based on the needs of regional organizations as well as the skill level of available workforce. Some of the most important skills in every customer service training program are the ability to effectively answer the telephone; understanding customer service; proper email communications; the ability to work in teams; effective organizational skills; understanding harassment and diversity; and basic math refresher.
 - The 14-hour training program is provided for a cost of \$10 per participant for the training for student and facilitator workbooks and certificates.
- Public Industrial Safety Training
 - Provided two new safety training courses: Global Harmonization Systems and Accident Investigation.
 - 85 total participants attended the two courses.
